

### Chow Time

We all know, while running around on the scoots, that we stop at all kinds of places. We're not picky right? Well here's yet another place to stop at when you get the urge to eat.

I was being shown some new places in central Wisconsin by "Detour", and after many stops, the time was right to get some chow. We stopped in at "The Dump". A bar in Cambria, known in the past as the names says, for being run down. Jack and Libby took over "The Dump", with some major improvements, and now have a really good establishment to sit and relax in. Being bikers themselves they know what their clientele want.

This story is more about the food though. After ordering my food, I found out that Libby worked at another restaurant formerly that served up home cooked meals made daily. (Why change something that works?) So I ordered "the special", a couple of pork sandwiches and potato salad for \$4.50. I was sitting there looking at the burgers going out to the other patrons. Let me tell you they smelled great. And with the burgers being bigger than the bun, that tells you something about the place.

After getting my meal, I was extremely satisfied with the size of the sandwiches and the "Bomb Ass potato salad home made by Libby" as Michelle, the smiling bartender refers to it.

I would highly recommend "The Dump" as a stop on your next summer putt.

### BACA

We are the local Chapter of a national non-profit organization called Bikers Against Child Abuse. Our main goal is to help abused children stand up to their perpetrators and not be afraid. Our secondary focus is to circulate child abuse prevention and detection information within our communities.

April is National Child Abuse and Neglect Prevention Month and our Chapter is participating in the Blue Ribbons for Kids campaign. Beginning in March, 15 local billboards have been purchased to promote the month of April as well as our organization. We are also participating in our own nationwide ride on April 30th, The 100 Mile Ride. Each of our Chapters solicits pledges from the public and will ride 100 miles in our local areas to spread the word about the importance of preventing child maltreatment. This is our #1 fundraiser! Also, in the State of Wisconsin Governor Doyle has declared April 30th as an annual day to Celebrate Children-A Blue Ribbon Day for Kids in Wisconsin.
