

**Creating a good biker image in the eyes of the civilians? I think so!**

Black Pistons of Waushara County adopted a family for X-mas. We contacted our local social services and got the name of a needy family. They were supplied with a full X-mas dinner, \$50 gift card to our local grocery store and presents for all. Complete with Santa in all his glory. But lets not stop there. For Valentines Day our little girls got Angel bears with hearts of candy and grandma got her favorite chocolates. Were hoping to make a heartfelt difference to our family all year round. With B-days and all holidays. This has been a very rewarding project for all of us. Maybe this would be something your club/group would enjoy. I know we sure have!

Black Pistons of Waushara County

**Heres another case of bikers helping out the community.** The D.C Eagles held their annual toy drive at the clubhouse. With food, music and brothers from all over. The feeling to me is so great when I see clubs all working together. Good job guys!

**Remember When**

For those of you that have known me for awhile, you will know that one of my favorite bars in Milwaukee was "Remember When". On any given Fri or Sat night both sides of the street were lined with bikes. All that was needed at "Remember When" was a good attitude and a mind to have a good time. When the band started in this rather small bar, you could be guaranteed that every space including bar tops were filled with brothers and sisters all dancing and having a good time. Add in the owners Ted and Deb who kept the place a rockin'. (watch out Mustang Shelly). After bar close we all went out to eat at one of the great places in Milw. But that's a different section. Remember when is now closed, but the memories that were created will be with me and many of my bro's forever.

**You got a good story that might drudge up some memories, or a run that some of us might never have been to? Let us know about it. Send it to preacher@freeriderspress.us**

**Milwaukee Biker Bars**

A book review by  
**Dr. Gizmo Doodad**

As we all know Milwaukee is famous for two things: bikes and beer. So, why not put these bring these two elements together and double the fun. Well, that's just what two long time biker dudes familiar with this area have done.

I just got my copy of Milwaukee Biker Bars by Kenn and Chuck Hartman. As the name suggests this book is a guide to the best biker friendly bars in Milwaukee. As an added bonus it also includes 9 counties located in the southeastern portion of Wisconsin.

The books index lists 146 bars by which county they are located in. Color pictures of the featured bars and their local patrons fill the books 118 pages. Notes of interest and what to expect when you walk through the doors of most of the watering holes will help you decide where to point your front wheel on the upcoming weekends. The 5" x 8" paperback book fits neatly into your saddle bags or tool pouch.

There is a place in Allen's Grove called the Boar's Nest that has a full size replica of the General Lee Dodge Charger on the roof. From some unusual out of the way spots to saloons, taverns, and inns closer to home you'll find joints with great atmosphere and good food.

With spring now upon us this book makes a great companion for planning club activities like; poker runs, parties, and BBQ. It's great for scheduling an outstanding day of barhopping due to the 9 maps included. These maps pinpoint the biker bars in the City of Milwaukee and the other surrounding counties.

For those of you who cruise the Chicagoland area the Hartman's have compiled the guide to Chicago Biker Bars. Both of these guide books are published by Spirit Bear Publishing. The ISBN is 1-889401-26-9.

More information about Milwaukee Biker Bars can be found at their website at [www.chicagobikebars.com](http://www.chicagobikebars.com) Either of the books can be ordered online or send a check or money order for \$11.95 each to: Biker Bars, PO Box 243, Bensenville, IL 60106
