

Thanks for printing my story about my bro Cram's trip to Sturgis. It felt good to see it in the paper. My own story isn't quite as colorful.

I've spent 12 of my last 35 years in various state & federal concentration camps, due to my continued love affair with drugs. Doesn't seem to matter which drug either. Time and time again I get out of prison and do well. This is my 4th time in prison. Every other time I've gotten out I've gotten a great job, a good old lady, plenty of mobney, a bike or two and a faithful dog. But the addict in me can never be satisfied with all that happiness. Why?

I'm in a 9 month long... all day every day drug treatment program right now, trying to figure it all out. I'll be let back out into the cold cruel world soon. In a few short months, I'll be going to a 1/2 way house in Minnesota, to try it all again. My plan for sobriety & sanity is to devote myself to motorcycling. I wish to try and surround myself with good people. Problem is that I don't know any. I know all the bad bikers, if you know what I mean.

Where do I find the good ones? If any one has any ideas or suggestions, please write to me and let me know.

I'm a 35 year old white dude, born and raised in Minnesota. I've been locked up this time since 2003, but as I said I've spend most of my life in prison for various drug offenses. When I'm not vacationing in these federal hotspots, I am a construction foreman with all the best training in the carpenters union. I'm also an A-plus certified computer tech. But, along with my skills & talents I've got the total biker look... Shaved head, goatee and nearly total tattoo coverage.

To tell the truth, I'm a bit afraid of getting out this year. I'm afraid of myself. I know I've always been my own worst enemy and I can't let me get to me. I plan to completely start over & separate myself from my friends & family, because they are all in the drug life to.

I'd sure appreciate hearing from ANYONE with any positive input or advice. Thx

What am I?
I am more powerful than the combined armies of the world.
I have destroyed more people than all the wars of the nation.
I have caused millions of accidents and wrecked more homes than all floods, tornadoes & hurricanes together.

I am the worlds slickest thief, I steal billions of dollars each year.

I find my victims among the rich & poor alike, the young & old, the strong and the weak.

I am relentless, insiduous & unpredictable.

I am everywhere; in the home, on the street, in the factory, at the office, on the seas and in the air.

I bring sickness, poverty and death.

I give nothing and take all.

I am your worst enemy!

What am I?

I am Addiction.

I try to preach 'BROTHERHOOD' all the time - but one thing I'd like to see more of is - more bikers helping other bikers that are in business. One that I personally would like to see making more money is my biggest donor - Kevin Burton! So if any of you bikers out there need a good paint job on your bikes - see that guy! He does some AWESOME paint jobs on bikes! - Cars and trucks too! His address is: Village Auto Sales - 107 Packer Drive - Francis Creek, WI. 54214 and his phone number is 920-639-9434. -

Another Brother I would like to thank is Joel Bouwer of Bouwer Printing & Mailing, Inc. 510 North Oneida Street, Appleton, WI 920-734-9997. Joel does a lot of printing that bikers might need, and will give bikers a break on the price! He is a biker and does a lot of work for bikers. Bingo. (Bingo's Downed Biker Fund)

As you may have heard, the Bush Administration has promised that each one of us will get a nice tax rebate in May. But if we spend that money at Wal-Mart, it will all go to China. If we spend it on gasoline, it will go to the Arabs; neither will help the American economy. We need to keep that money here in America. The only way to accomplish this is to buy beer, or spend it on porn or prostitution, since these are the only big businesses left in the U.S.
