A man walks into the dentist's office and after the dentist examines him, he says, "that tooth has to come out. I'm going to give you a shot of Novocain and I'll be back in a few minutes."

The man grabs the doc's arm, "No way. I hate needles I'm not having any shot!"

So the dentist says, "okay, we'll have to go with the gas." The man replies, "absolutely not. It makes me very sick for a couple of days. I'm not having gas."

So the dentist steps out and comes back with a glass of water, "here," he says. "Take this pill."

The man asks "What is it?"

The doc replies, "Viagra."

The man looks surprised, "will that kill the pain?" he asks.

"No," replies the dentist, "but it will give you something to hang on to while I pull your tooth!"

# RIDERS

A man and a woman were sitting beside each other in the first class section of a plane. The woman sneezed, took out a tissue, gently wiped her nose and then shuddered quite violently for 10 or 15 seconds. The man went back to his reading.

A few minutes later, the woman sneezed again, took a tissue, gently wiped her nose and shuddered quite violently as before. The man was becoming more and more curious about the shuddering.

A few more minutes passed and the woman sneezed one more time. Again she took a tissue, gently wiped her nose and shuddered violently. The man couldn't restrain his curiosity.

He turned to the woman and said, "You've sneezed three times, wiped your nose with a tissue, then shuddered violently! Are you all right?"

"I'm sorry if I disturbed you," the woman replied, "I have a rare condition; when I sneeze, I have an orgasm." The man was a little embarrassed but even more curious and said, "I've never heard of that before. What are you taking for it?"

The woman looked at him and said, "Pepper."

When the office printer's type began to grow faint, the office manager called a local repair shop where a friendly man informed him that the printer probably needed only to be cleaned. Because the store charged \$50 for such cleanings, he said, the manager might try reading the printer's manual and doing the job himself.

Pleasantly surprised by his candor, the office manager asked, "Does your boss know that you discourage business?"

"Actually it's my boss's idea," the employee replied. "We usually make more money on repairs if we let people try to fix things themselves first."

This Blonde, wearing a pair of head phones, walks into a Beauty Salon and wants to get a haircut. The Barber looks at her and tells her that she has to take the head phones off if she is going to get her hair cut.

Frantically she replies, "I need these on, I can't take them off!" So, the barber just continues to try to cut her hair. A few moments later the Barber is angry and tells the Blonde that she really has to take her head phones off. Once again the Blonde replies, "I need these on, I can't take them off. What do you want me to die or something?"

The Barber, finding this all very odd just kept cutting her hair.

Finally he couldn't take it anymore, so he rips off the head phones and the next thing you know the Blonde falls on the ground and she dies.

Curious as to the whole situation, the Barber goes over to her head phones and picks them up and listens to what it says:

"Breathe In, Breathe Out, Breathe In, Breathe Out, Breathe In, Breathe Out"!!!!!!!

Three weeks after her wedding day, Joanna called her minister.

"Reverend," she wailed, "John and I had a DREADFUL fight!"

"Calm down, my child," said the minister, "it's not half as bad as you think. Every marriage has to have its first fight!"

"I know, I know!" said Joanna. "But what am I going to do with the BODY?"

Little TONY returns from school and says he got an F in arithmetic.

"Why?" asks the father?

"The teacher asked 'How much is 2x3', I said '6'", replies TONY.

"But that's right!" says his dad.

"Yeah, but then she asked me 'How much is 3x2?'"

"What's the f\*\*king difference?" asks the father.

"That's what I said!"
