

Angels of Mercy

By: Skypilot

I'd like to talk about a group of soldiers who have never received a lot of credit in every war the United States have been in. That's our American Women.

For years they have served mostly as nurses, but in the last few decades they have served as mechanics, helicopter pilots, truck drivers and at times combat arms.

In my opinion they deserve as much credit as their male counter parts. Hell recently one in Iraq received the Silver Star.

I remember years ago I was in D.C. and I went over to see the monument from Vietnam (which is great), I heard a voice say "Sgt Donaldson", I turned around and didn't see anyone I knew, so I keep walking and heard it again.

I turned and a lady was smiling at me. So I went up to her and ask how she knew me, well come to find out she was my Nurse when I got shot up. I told her "She had one hell of a good memory" she told me "she remembered those who didn't make it and those who almost didn't, said she set with me every night talking with me". One night I woke up and said I was hungry, she smiled with a tear in her and said "You will be alright now".

So I say lets give our American Women Serving a big THANK YOU for putting their life on the line also.

Until next time ride free and safe, may the Great Spirit be with you. " Keep on Triken! ". Pray for our POW~MIA and their families who wait for their return, also pray for our Troops now serving.
