*Continued from page 5*

Hal's Harley-Davidson in New Berlin was founded in 1978 by motorcycle enthusiast Hal Topel, with a business philosophy of "service first" and the goal of treating customers as family. Hal's son, Kirk Topel, who shares his father's love of motorcycles, is a second generation owner, continuing the dealership's focus on developing lasting customer relationships through exceptional service. In 1990, Hal's became the first Milwaukee-area H-D dealership to offer Buell motorcycles--prior to the 1998 H-D corporate acquisition of Buell. In support of the performance motorcycle enthusiast, the dealership features a unique Speed and Machine Shop specializing in performance bikes for racing or recreational enjoyment. Hal's dealership is very active within the community; their full calendar of events and other information can be found on the web at [www.HalsHD.com](http://www.HalsHD.com).
