For a complete day to day of the Diamond Posse ride go to [www.diamondposse.com](http://www.diamondposse.com)

**The Posse Members:**

**Cat Hamme's "One Legged Blonde"** seemed like a caged lion waiting for the chance to explode and become fre, but once you get to know her she is fantastic. Very open to showing ( her prosthetic Leg) what can happen when other drivers are not paying attention to motorcyclists.

**Eldonna Lewis Fernandez (MSgt USAF Retired) the "Pink Biker Chic"**- had a real somber, quietness to her that I found really appealing. Very professional, laid back attitude with a sincere aura surrounding her. I never seen the retired M.Sgt. in her come out and I believe I am grateful for that.

**Vicki Sanfelipo RN/EMT (Diamond Posse Founder) "#9"**- I have known Vicki for about 5 years. I have watched her promote her many interests like Accident Scene Management, the Diamond Posse ride, Women in Motion just to name a few, with a passion that only comes from a dedicated, educated and organized individual. She kept a very tight schedule with the Women In Motion Road Guards for the many blocks needed of the trip I was on. Very social person with a flair for expressing her viewpoint.

**Roberta Carlson "Bobbie"**- was a very delightful individual that seemed to have a quiet side to her. Seeming very professional in her demeanor, and loved to reminisce about old times. About different individuals of the past and present. Fun to be around.

**Amy Skaling "Diva Amy"**- Amy I found to be very open , up front and not camera shy in the slightest. In fact if there was a camera any where around there was a thumbs up and a smile real close at hand. A look at her bike and jacket shows this. Being very outgoing made it easy to chat with her.

I had only chatted briefly with each member of the posse, but they all were in my opinion friendly, beautiful and passionate about this ride.

When you get there...he goes out the front door and cooks your steak on the charcoal grill. His wife makes the salads and potato in the kitchen. They raise their own cattle, and it was the best rib eye I have ever had! Sunday for dinner we ate at the Rockton Bar...and had their "almost" world famous BBQ chicken. The bikes sure show up for this one! Hundreds of them! The most they have gone thru on a Sunday was 978! That's a lot! You also need to make a reservation for this...he was cooking over 700 on this day. The grill was amazing! The grill was concrete block 40' long. It takes 28 bags of Charcoal from start to finish. They got it down. And was that yummy! Heads Up St. Croix Valley Riders! Vernon County has the most round barns than any county in the Nation! It would be great of you to check that out for your next round barn run???

Every where we went we ran into people that knew Earl. I

would say he was a pillar of the community. Helpful, trusting, kind, and I feel fortunate to know him. If you want some great riding, go to Vernon County! I hate it that my bike is broken! It won't take long to fix it though...Take Care, Laura the Potter [laurathepotter@bwig.net](mailto:laurathepotter@bwig.net)
