

### Wausau Fire Fighters MDA Ride and Bonnie and Clyde Gangster Park

This here is a two part story. One of a great event, the Wausau Fire Fighters MDA Run and the place the group ride stopped at for lunch, Bonnie & Clyde Gangster Park.

I got a chance to swing by H-D of Wausau for the Firefighters MDA Ride weekend. Like usual Friday was a pretty quiet day so I got a chance to chat with some folks and listen to some music. After a while I headed up to my mom's to drop some papers off and get a good night sleep, so I could hook up with the group ride the following day for lunch that was ending at a really cool place called Bonnie & Clyde Gangster Park. The group had the option of doing another 160 mile Fun Run sponsored by Free Riders Press, hang out at the Hide Out or do whatever till 7, when all the activities started up again at H-D of Wausau.

I was not able to attend anymore of the Fire Fighters MDA event but I did find out that the organizers did raise about \$20,000 that was dispersed between local charities and \$3000 going to the MDA Foundation. I would like to thank Andy Aadrian and the rest of the staff for putting this event on for the last 10 years. You all did a great job. Don't know what will become of the event next year, but we here at the FRP will let you know of any goings-on with it.

Bonnie & Clyde Gangster Park (5261 Hwy. 51 north, Harshaw, Wi. 11 miles north of Hwy 8) turned out to be a really cool place that I feel any one of you would enjoy stopping at after or during a relaxing ride. The park is equipped with a fire pit, music stage, bar facilities, a burnout pit and plenty of parking. But it's only open during certain times as of now. Check out Face book at [www.facebook.com/BonnieClydeGangsterPark](http://www.facebook.com/BonnieClydeGangsterPark) and website [www.bonnieandclydegangsterpark.com](http://www.bonnieandclydegangsterpark.com) for more info.

Gangster Park will be open for the Tomahawk Fall Ride for those of you that want to check it out. I can guarantee that you won't be let down.
