You will notice in this issue a wide range of writers the Free Riders Press has to bring you not only a concentrated Wisconsin magazine, but an opportunity to check out what other riders are doing throughout the country. These folks are all riders that are not paid, but enjoy the journey and penning it for you to read about. Be it Wisconsin, Chicago IL, MI, FLA, North Carolina and an occasional IA and MN. These are the efforts of great folks that look for a place to get their thoughts out in the form of print in a non corporate scene. Yes I said non corporate! Just me, a computer and a lot of respect that comes with the territory of being a brother in the wind. I know of no other paper like the FRP and plan on it running for many years to come. If you would like to be part of this great crew shoot me an e-mail at preacher@freeriderspress.us and I will hook you up. Here respect and friendship means more to me than money. How about you?

People that send random messages or letters with no return address on them. Religious material sent to me by an anonymous source tells me only one thing. You're not very proud of your faith in Jesus Christ. In fact I would call it cowardly. This is not the only message I have gotten, although I am glad to say I have only gotten 5 pieces of mail without return address' that whine about something they don't like so in 12 years that's not bad. I don't mind criticism, but man up and show yourself. Really!

A quick note on the Cora Jones benefit. I'd like to thank all that showed up to support the closest charity to my heart held at Gill's Landing. The D.C. Eagles came in force along with a bunch of independents that popped in simply to support the event. Isn't that what it's about? Supporting each other!

I will be heading to the twister shortly to relax. I think work is way too stressful on the brain, and I think I need to wind down a bit. So if you happened to see me in an un-natural drunken stupor, please ignore and head me in the right direction of my camping area. Thanks in advance for the assistance! LOL

Other than that, I have been getting some miles on, not as many as I would like, but what do you do. No one will listen to the griping anyways! I will be at Fall Ride again this year. The game plan is to stop at Lincoln County Cycle(715) 453-2300 in Tomahawk, Bubba's big party on Saturday and hopefully stop in by Cycle X (715)356-7346 a few miles north of there in Harshaw, WI right on Hwy 51 for a big get together at the main man Kenny's shop. If you've never been there I would suggest a stop. These are the 2 main shops around Tomahawk in case you have issues with your scooter, so now with you having the numbers for them I have done my community service for the month. Ride Safe

Meet This Month's Next Generation Rider. 5 year old Vivian has been eyeing up her grandmas bike all summer and cant wait to ride it, or to get a motorcycle of her own when she gets old enough.

If you have a picture of your Next Generation Rider, feel free to send it in to me. Who knows it just might kick start a Hollywood career for them. Send those pic's to preacher@freeriderspress.us or by snail mail to PO Box 1126 Wautoma, WI 54982

When I hear of one of my Brothers or Sisters in the wind passing away I keep them in my thoughts. If I know them or not is not an issue because we are all one with the road. I received a short letter from a father that lost his son shortly ago heading home from the H.O.G Rally. Todd Hughes had a run in with a deer and passed away. Please keep the Hughes family in your thoughts as well as ALL riders.

For years I ran a section called "From the Inside". It was a place that the Bingo Fund recipients could show the rest of us their talents of writing, art or

whatever they could do. It never did turn into much but I still believe it holds a place in the biker community.

With that said I got a letter and this picture from an inmate that will be out in August and has worked as a tattoo artist and backyard mechanic but as it is with most of the brothers getting released not many people want to step up and give them a chance. I believe if you give a helping hand to someone it will be returned many fold. If anyone has some work for Brandon Lee La Palm he would appreciate it. I don't know anything but what is in his letter or why he is in, but I wanted to put it out there for him. Anything would be appreciated. Any inquiries can call me (Preacher) at the office (920) 787-0063 if they would like to see the whole letter.
