Real Leather of Appleton's 1st Annual Bike Blessing.

There seems to be so many events going on in the summer as we all know, that the outcome was one in the same for this event. With somewhat of a low turnout (due to many other runs and gatherings in the area), but a big time effort from Melony who put together food, vendors and of course a preacher to bless the bikes, the event was a big success. Keep an eye on the FRP calender for next years blessing Mother's Day weekend. See you there.

I would like to welcome our own Riding SenatorDave Zien as a contributor to the staff of the FRP. With his vast knowledge on a variety of items, he will give an interesting flair to this paper.

Thank you for the opportunity to share with you God's bountiful Blessings - so beautifully bestowed upon us through motorcycling. Our whole lives have led us here - now, to the Free Rider Press to better understand and command destiny. "Ride to Live, Live to Ride- Is more than a slogan or even a Way of Life. Through prayer on the open road, it is a special oneness with God.

Sometimes it seems, we just cannot ride far, fast or long enough to satisfy that thirst for more miles. Now that the riding season is on the wane, we can reflect. Better yet we forge our energies into practical, relevant and functional activities. Future articles will include:

Bikers with Character and Charisma. These articles will merely recognize unique Bikers. We will repay them in some fashion for all they have done!

*** Tony & Vicki San Felipo are being nominated into four major Motorcycle Museums and Halls of Fame. We need letters of support and petitions to make sure they are inducted.

*** Other Bikers with character and charisma include, Jingles, Gator, Pollack and Sue Menard. Please send me names and rationale for other candidates worthy of this prestigious recognition. Perhaps we you can help me with future articles.

Next month we will detail some of their significant achievements to enhance and save lives. Letters, petitions, pictures and memorabilia can be sent to me: Dave Zien, 1716 63rd St. Eau Claire, WI 54703. Formal packets will be personally submitted to each museum. Sorry, I do not have a computer or e-mail.

I have copies of the SF 180 form with me, or can send them as needed. Perhaps I can bring them to the functions in the future.

It is imperative to underline/highlight "Ribbons and Medals 'ENTITLED' to". This forces the U.S. Dept of Defense & Military Branch to research whether that Veteran is entitled to unit citations and military commendations awarded in later years after his/her military service.

It is wonderful experience to explore and document Veterans military, personnel and medical history, even by relation if he/she is deceased. To research medical history that include diseases and chemicals could be life-saving.

Go to your County Veterans Service Officer at your County Courthouse for the forms and assistance..
