If I could find a bank to lend me the money, I think I'd try to borrow the money to get it. Maybe I'll get lucky and have some rich person donate the money for surgery. I've even thought about asking the Doctor if he would donate the surgery, seeing how I served my Country for his freedom to become a surgeon and practice is profession. I know I'm looking for a miracle and I've always believed they were possible, but I don't think this one will happen. November 1 2007, Just got off the phone with my Doctor, Dr "God" Hartman, and the patient advocate (who is suppose to help Vets) and was totally shot down and told to live with it. They are going to send me to New York for a single replacement, which both need to be done, that's when I was told live with it when I ask about the other one. Like their phone message says "Thank you for serving your country, not let us serve you", they need to get rid of that message. Well until next month be safe and may the Great Spirit be with you. Please pray for our POW~MIA and their families who wait for some word on their loved ones, also Pray for our Troops for their protection and safe return. "KEEP ON TRIKEN". Please pray for me and that miracle. THANK YOU.

How can I go to bed at night knowing deep in my heart I did my fair share? Then it came to me like a command from my platoon leader, March Forth, March Forth I heard. So I will miss a day of work without pay to do what must be done. I will March Forth to my capitol for Lobby Day, I will fight for the rights of which I utilize 2/3's of the year and I will be proud. If this is all that is asked of me then I shall March Forth and talk to my elected body on March 4th 2008. Seeeya... Contributed by Abate of Wisconsin
