Continued from page 2

After leaving the service in 1946 at the age of 20, Neil went on to attend the University of Wisconsin at Madison. On June 24, 1950 he married his wife Lorraine. At this time he found work in LaCrosse at Bill Borer Harley-Davidson and at Trane Company. Then in the 1960's he worked at A.C. Electronics of Milwaukee, ultimately contributing to the successful efforts of the Apollo Space Program to land on the moon. Neil received numerous awards during this time for his ingenuity and exacting quality control. After this he moved on to another phase of his life when he bought Del's Tavern in LaCrosse. He operated the bar and entertained the patrons as a skilled accordion musician. Neil and his family eventually left LaCrosse and moved to Taylor. In 1975 Neil joined Al Muth in his Harley-Davidson dealership as the Senior Technician. He held this position until his recent passing at age 82. Neil excelled at a broad spectrum of skills. He would accomplish anything to which he set his mind. Extremely mechanically inclined, he could fix anything. He loved to travel and ride motorcycles. He visited with family in Norway and friends in Australia. Throughout all this Neil remained a devoted family man. He helped raise six children, seven grandchildren and six great-grandchildren over 58 years. Neil is and will be missed. His legacy will live on in the hearts of those fortunate enough to get to know him.
