

A Look at FRP Advertiser All Sports Truckin' America

When you drive by All-Sports Truckin' America in the summer , you will see a big ass Packer helmet, bikes, trikes, lawnmowers and truck caps. When you drive by in the winter you will see a big ass packer helmet, snow blowers and truck caps. What does this tell me? This place sells a lot of different stuff.

All Sports Truckin' America started out as a truck accessory store in 1994. Since then it has expanded into trike conversions. "We went from truck accessories to trailer parts, mopeds and cycle sales and service, to small engine sales of Snapper & Kawasaki hand helds. As the industry changed, so did we." Said owner Chuck who along with his wife Carol and staff Al, Chuck and Lance keep thing running.

"We found you are never to old to ride a trike." As we baby boomers get older, have health issues that don't allow us to ride conventional 2 wheelers, we take your cycle (no matter what make, model or year), and convert it to a 3 wheeler at a reasonable cost. The trike still has the power of the other guys, has more stability, same turning radius and better pulling capabilities than a two wheeler.

Trike owners tell us it is so nice to pull up to a stop sign and not have to worry about holding up a heavy cycle. As you all know, dump that big bike and see how you are able to pick it up. Everyone has a concern of being safe on a bike. A trike conversion allows the owners to have that Freedom to Ride again.

We can custom build the kit to your cycle. Personalization is what it is all about. Select the kit, (straight axle, suspension or tilt kit. Straight axle are the least expensive, but you feel the road more. Suspension kits are more expensive but have a softer & more responsive ride. Tiltster kit is the most expensive but gives you the ride of a two wheeler. Select the paint, tires, rims and cycle up grades in accessories and your ready to roll.

We offer all makes and models of cycle accessories, clothing & service. We carry Kuryakan, Cobra pipes, Drag Specialties, Parts Unlimited & MTA (that deals mainly in tires and 4-wheelers parts). Trike kits available are American Trike, Roadsmith, Tri-Wing, Trigg Trikes and Mystery Design.

We service what we sell as well as what the other guy sells... We have foreign and American manufacturers. We have trained technicians with reasonable rates. Our lead technician has over 20 years experience servicing all makes and models of cycles. Our sales staff have been with us since we opened and can help you find the right trike for you and your ride. Just enjoy the road and experiences of meeting new people and daily adventures of Freedom...
