### From The Editor

Everyone keeping warm enough? I think I pissed out a snowman this last month it was so cold, but enough of that. I'd rather be thinking of warm breezes, twisty turns and summer parties. Oh ya I'm getting warmer!!

I'd like to start out this month by thanking the Federation of Motorcycle Clubs of Wisconsin for the invite to the Winter Rendevous. It was good to see all the old friends again. Lorie and I had a great night. Irene Keenan rocked the house big time with her voice and music. And the best thing about it you all came to my hometown, thanks I appreciate that. There were some club members from out of state that just couldn't believe all the patches in one place. I heard many Brothers compare it to a minnie NCOM convention, and technically I guess it is. So I will probably see you all at many of your events this coming year. Hope all got home safe.

I would also like to give a big ye-ha to all of you that have been taking advantage of the swap meets that have been going on. I know I found a few good deals out there. It was great to see some the brothers from Action Cycle out of Lombard, IL up for a few meets. (Have a cold one ready when I come down again, OK).

Which leads me to the swap meet advertisers. I was told by a few of the vendors that they seen your ads in the Free Riders Press. Lorie was at the swap in Plover and was amazed at all the people that came over to check and make sure they had the lat-

est issues. So I know the rag is being read. Thanks to all the other advertisers that have kept there ads going thru the winter months, for having faith in us as a whole. The Free Riders Press revolves around each and every one of you, be it the readers or the advertisers. We couldn't do it without any of you.

I don't know about the rest of you, but I will be at the Supercycle Show in Chicago February 5&6. It has been many years since I went down to this show. If your heading down, stop in and say hi.

Other than that, if you don't make it down to Chicago I'll be at most of the swap and a good many of the parties going on in Feb. See you then.

Till Next Time, Preacher

### Another example of bikers working together.

My group the FTW has annual poker runs and parties, where different riders show up to support us.

While at a monthly meeting we found out that a brother brought a whole crew with to our summer party. Well it turns out this same biker was having a surprise benefit thrown for him to help offset some of the medical bills he had incurred. Well it didn't take us long to agree that we should all go down and support him. Isn't that what it's all about? The benefit was held Jan 8 at the American Legion Post #180 in Bayveiw, WI. Hope all goes well for you Brad! Take Care and we'll see you next year.

### Bingo's Fund needs your help!!!!

For those of you that have been with me for awhile, you know that we try to put in content that appeals to everyone. There are a lot of brothers and sisters out there that believe in something so deeply that if it was gone, they would loose a big part of themselves. One of these people is Bingo. Bingo has backed this paper 110% with his stories and input, since I met him a couple of years ago. But that is not what I'm driving at. Bingo as most of you have concluded spends a great deal of his time and effort helping your Brothers and Sisters that are locked up for one reason or another. Putting out collection boxes in different spots, so he can raise the needed funds to make the lives of our friends and loved ones On The Inside just a little more comfortable. I would be willing to bet that everyone on two wheels knows of someone they care about, is doing time. I know for a fact that every penny raised from the boxes and donations goes for this very thing. Buying stamps, paper or simply put, the little items to keep our downed Brothers or Sisters in touch with the outside.

Many of you have told me that they really enjoy and find informative the, " For What It's Worth" section in this paper every month. Or say it is great what I'm doing for the brothers by giving them there own section. Non of this would be possible without the effort of Bingo, one of the most sincere men I know.

It seems that most of us have forgotten to drop a buck or two into the boxes. What's a few dollars a month to help out our downed brothers?

I go to a ton of parties, both club and private so that you have a variety of events. Do me a favor and support one of the many people that help and support me.

### Mission Statement:

This paper was started out of the love and respect for being in the wind, and the brothers and sisters that are in the wind also. I have been riding all my life and have learned what brotherhood means. The Free Riders Press is a paper dedicated to the biker who knows this respect. Not barring any rider for what he wears or rides. We try to cover stories that make the public sit back and have a positive outlook on bikers. We will try to cover events that are for the biker and put on by the biker. This paper will be used to better the riding community through education, updates and personal views that are of positive thinking for the riding community in general. We will try to fight the ongoing discrimination that seems to be thrown onto us without our view being told. Free Riders Press is for all to enjoy, so by working together someday we can be free in the wind, without the worry of any of the aforementioned items.

### " Bingo's Downed Biker Fund"

If you have a Brother or Sister down and would like to get them the Free Riders Press, NO PROBLEM, be glad to do it but it does cost money. A lot of people help out by donating some coin. We here will do what we can, but with everybody giving what they can, we will make it go a long way. We all know somebody that's down, and anything would be greatly appreciated.
