## Attitude

by Charles Swindoll

The longer I live, the I realize the impact of attitude on life.

Attitude to me, is more important than facts.

It is more important than the past,

Than education,

Than money,

Than circumstances,

than failures,

Than success,

Than what other people think, or say or do.

It is more important than appearance, giftedness, or skill.

It will make or break a company...a church...a home.

The remarkable thing is that we have choice everyday regarding the attitude

we will embrace for that day.

We cannot change our past...

We cannot change the fact that people will act a certain way.

WE cannot change the inevitable.

The only thing we can do is play on the one string we have,

And that is our attitude...

I am convinced that life is 10% what happens to me

And 90% how I react to it.

And so it is with you...
