Casper's Leather has been synonymous with quality leather goods for over 26 years. Paul and Bessie Casper started a small leather business in the basement of their home, while traveling all over the country doing swap meets and shows where Paul could be seen wearing his signature cowboy boots and Cowboy hat.

This truly is a family business, with all the Casper kids working the business at one point or another, with Trish still working the store, (Trish and Bessie still doing many of the swap meets and shows along with their traveling buddies Buster and Bear.) Paul and Bessie bought a store in 2000, remodeled it to the way they liked it and had their grand opening on Oct 31st of that year. If you get up that way check out the new addition that was finished in 2005.

With the largest selection of leather goods/biker attire in northern MN, the store seems to get people stopping in from N&S Dakota, WI, MI and of course MN. Some folks hunting them down after seeing or hearing of them while others just happen across the shop merely by accident (for the better). They do offer drop off service with a 2 week turn-around, with such services as zipper replacement, fringe installation, snaps replaced and other common repairs, but also can do quicky things on the spot like patches, buttons, straps etc.

What sets this store apart from the others is while selling the usual items like goggles, helmets, leather items, a ladies section with halters, skirts etc, they also have leather products for those of you that do horse back, hunt and the do it yourselfers.

Casper Leather, located in Warba, MN just 14 miles E of Grand Rapids and 50 miles west of Duluth on Hwy 2. It seems to be out in the middle of nowhere, but is easy to find and can do everything and more of a big city store.

Check out www.caspersleather.net or give them a call at (218)492-1903. The Casper crew can also be seen promoting their swap meets. Check website for dates and times.
