## Wisconsin Custom Bike Build-Off

This is one of them shows that sort of blows you away when you get there. Not expecting near as many people as I did, this show held at the Boiler Room (5200 Washington Ave) in Racine has got to rank in the top 3 of '05 for single business shows/events. With over 1500 people in attendance the best thing you could do was get there early like I did to get a good look at the bikes in the build-off. Six bikes from Southeastern, WI were in the competition Bobshop, Milwaukee Bike Works, Jamies Custom, Lil' Scotts Custom, Cook Custom and Top Gun House of power. This is also a ride-in show that had many people entering what they ride everyday. All showing off there stuff to a really diverse crowd, from bikers, families to the elderly all checking it out.

The things I liked about this show is that it is family friendly and held on a Sunday from 11-3. The weather was fabulous for an out door show and I seen no problems, it was just a really relaxing day. The winner after all the ballot's were counted was Lil' Scotts for the second year in a row. Congratulations! My hats off to Coy and the staff at the Boiler Room for a job well done. Keep an eye on the Free Riders Press calender for next years build-off and another great time to be had.
