A man wakes up in the hospital, bandaged from head to foot.

The doctor comes in and says, "Ah, I see you've regained consciousness.

Now, you probably won't remember, but you were in a pile-up on the freeway.

You're going to be okay, you'll walk again and everything, but....

Something happened and we were unable to find it."

The man groans, but the doctor goes on, "You've got \$9000 in insurance compensation coming to you, and we have the technology now to build you a new willy that will work as well as your old one did - better in fact! But the thing is, it doesn't come cheap. It's \$1000 an inch."

The man perks up at this.

"So," the doctor says, "it's for you to decide how many inches you want.

But it's something you'd better discuss with your wife. I mean, if you had a five inch one before, and you decide to go for a nine incher, she might be a bit put out. But if you had a nine inch one before, and you decide only to invest in a five incher this time, she might be disappointed. So it's important that she plays a role in helping you make the decision."

The man agrees to talk with his wife. The doctor comes back the next day.

"So," says the doctor, "have you spoken with your wife?"

"I have," says the man.

"And has she helped you in making the decision?"

"She has," says the man.

"And what is it?" asks the doctor.

"We're getting a new kitchen."

During a visit to the mental asylum, a visitor asked the Director how do you determine whether or not a patient should be institutionalized.

"Well," said the Director, "we fill up a bathtub, then we offer a teaspoon, a teacup and a bucket to the patient and ask him or her to empty the bathtub."

"Oh, I understand," said the visitor. "A normal person would use the bucket because it's bigger than the spoon or the teacup."

"No." said the Director, "A normal person would pull the plug. Do you want a bed near the window?"

Three women go to Mexico one night to celebrate college graduation, get drunk, and wake up in jail, only to find that they are to be executed in the morning, though none of them can remember what they did the night before.

The first one, a redhead, is strapped in the electric chair and is asked if she has any last words. She says, "I just graduated from Trinity Bible College and believe in the almighty power of God to intervene on the behalf of the innocent."

They throw the switch and nothing happens. They all immediately fall to the floor on their knees, beg for forgiveness, and they release her.

The second one, a brunette, is strapped in and gives her last words. "I just graduated from the Harvard School of Law and I believe in the power of justice to intervene on the part of the innocent."

They throw the switch and again, nothing happens. Again they all immediately fall to their knees, beg for forgiveness and release her.

The last one (you know it), a blonde, is strapped in and says, "Well, I'm from the Louisiana State University and just graduated with a degree in Electrical Engineering, and I'll tell ya'll right now, ya'll ain't gonna electrocute nobody if you don't plug this thing in."

An old Indian chief sat in his tepee on the reservation, smoking a ceremonial pipe and eyeing two U.S. government officials sent to interview him.

"Chief Two Eagles" asked one official, "You have observed the white man for 90 years. You've seen his wars and his technological advances. You've seen his progress, and the damage he's done."

The Chief nodded in agreement.

The official continued, "Considering all these events, in your opinion, where did the white man go wrong?"

The Chief stared at the government officials for over a minute and then calmly replied: "When white man found the land, Indians were running it.

No taxes, No debt, Plenty buffalo. Plenty beaver. Women did all the work, Medicine man free. Indian man spent all day hunting and fishing, all night having sex." Then the Chief leaned back and smiled "Only white man dumb enough to think he could improve system like that."

HUMOR

Maude and Claude, both 91, lived in a retirement community. They met

in the social center and discovered over time that they enjoyed each other's company. After several weeks of meeting for coffee, Claude asked Maude out for dinner and much to his delight, she accepted.

They had a lovely evening. They dined at the most romantic restaurant in town. And despite his age, Claude was still a charmer. Afterward, Claude asked Maude to join him at his place for an after-dinner drink. Things continued along a natural course and age being no inhibitor, Maude soon joined Claude for a most enjoyable roll in the hay. As they were basking in the glow of the magic moments they'd shared, each was lost for a time in their own thoughts.

Claude was thinking: "If I'd known she was a virgin, I'd have been more gentle."

Maude was thinking: "If I'd known he could still do it, I'd have taken off my pantyhose

Ten Thoughts to Ponder for 2008

Number 10

Life is sexually transmitted.

Number 9

Good health is merely the slowest possible rate at which one can die.

Number 8

Men have two emotions: Hungry and Horny. If you see him without an erection, make him a sandwich.

Number 7

Give a person a fish and you feed them for a day, teach a person to use the Internet and they won't bother you for weeks.

Number 6

Some people are like a SlinkyNot really good for anything, but you still can't help but smile when you shove them down the stairs.

Number 5

Health nuts are going to feel stupid someday, lying in hospitals dying of nothing.

Number 4

All of us could take a lesson from the weather. It pays no attention to Criticism.

Number 3

Why does a slight tax increase cost you \$200.00 and a substantial tax cut saves you \$30.00?

Number 2

In the 60's, people took acid to make the world weird. Now the world is Weird and people take Prozac to make it normal.

And

The Number 1 Thought For 2008:

We know exactly where one cow with Mad-cow-disease is located among millions and millions of cows in America but we haven't got a clue as to where millions of illegal immigrants and terrorists are located.. Maybe we should put the Department of Agriculture in charge of Immigration.
