**Email your event to preacher@freeriderspress.us or post it yourself at freeriderspress.us**

Here is a greeting, history and event, rolled into one!

Hey Preacher! Just writing to wish you Happy Holidays and telling you to keep up the good work! Happy Holidays to all our biker friends out there too. Now for most of us, our bikes are polished and tucked away for their long winters nap. I'd like to remind everyone that there is more to just starting our bikes, getting on and going. There's all those people out there who still need to learn that as motorcyclist, we still have some long hills to climb. The government's always trying to put a wrench in our spokes, one way or another. Insurance companies trying to say they can reduce insurance benefits because of not wearing a helmet, EPA bullshit and the list goes on.

Well now that we've all got a little more time, we should use it wisely. Learn how we can help in keeping the "Free" in Freedom. Therefore, I'd like to invite anyone out there who'd be interested in coming to join us at our Winter Dance and Membership Drive. (See calendar of events). Abate stands for A Brotherhood Against Totalitarian Enactment and is non profit. It is an association of motorcycle riders (bikes of all types) whose members have joined together to put an end to discriminatory legislation, unjust insurance costs, to solve communication problems, and to provide for and help the freedom of motorcycling.

Come join us and see how you to can help make a difference. Hope to see you there Preacher, along with all our other friends and the many new ones we hope to meet.

Happy Holidays  
Joyce S. Abate 7B

The Pam Pence Benefit held Nov 9 at the Wildhorse Saloon was just another way for all the brothers and sisters to give back to someone that has given so much. Pam and Tuck Pence have always been there for us in the form of Tuck's music and helping out wherever, when we all needed help. Well over 650 people showed up for the gig to help out Pam who has been diagnosed with cancer. Tuck is a solo guitarist that spends a ton of his time on the road doing shows and benefits. How much was raised ! I don't know but if it was any where near the size of Pam and

Tomahawk, WI 54487

Tuck's love for the biker community, it was a lot. A special thanks goes out to Ron and Melisa, Lee and Dan, Jeff and Barb as well as the many other people that helped put this event on in record time. With 8 bands volunteering there time and Jesse cooking the awesome food, that says it all. Pam and Tuck would like to thank everyone from the bottom of their hearts for attending the benefit.
