

2006 Brother and Sisters in the Wind Ride

September 30, 2006

Every year I try to make the Brothers and Sisters in the Wind ride out of Wausau. Everyone meets at Riders Depot in Schofield and takes a nice group ride to a spot where we can remember the fallen members of our riding community.

This year we headed for the spot of the infamous Summer Twister that is put on by the Vietnam Vets MC. The memorial spot is known amongst bikers as one of the best Memorial services remembering our veterans. We pulled in and got down to business. Now keep in mind for anybody that has been to the Twister, it rains but never during the service. This service was different in the fact that when it did start to rain, we all decided to keep going. (After all, we have been given another day to ride, the fallen don't have that luxury.) After all the crosses with the names on them have been laid, there was one more short presentation.

Brother Macho Man of the Vietnam Vets MC passed away on the last day of the '06 Twister. His wife Nancy was given a flag presented to her inside a beautifully crafted box in the memory of Macho.

We have all lost somebody, and this kind of run does help ease the pain. Knowing that the persons memory will burn bright inside of you, makes things a whole lot easier.

Love Ya Cousin!
