

Being a volunteer for the United Way gives me an inside way of seeing what the agency is all about. When coming up with ways to do great things within it's community, they come to the table with ideas and the main thing that makes peoples lives easier, Money. That's where this story leads us to.

This years United Way campaign started out with it's annual "United We Ride" event that started at the Stevens Point Airport with the Noel building acting as headquarter central.

We lined up early and considering we only had to go across the street, it was great to see almost 150 bikes show up to kick off the campaign. Led by Nancy Schmidt, the ride had only one stop at the Rosholt Motorcycle Company in Rosholt, WI. With a beautiful mellow paced ride through back country roads made for a relaxing day in the wind. The ride was approximately 100 miles and ended at the world famous Point Brewery for the ir Brews, Brats and Bands. All riders got a free meal, t-shirt and a very pleasant day of relaxation. Along with a whole bunch of observers waving at the group of bikes going by can really make you feel like your on top of the world.

So being a biker and part of one of the most charitable groups (Bikers) in the world, keep an eye on the United Way website www.unitedwaypoco.org for next years event. Let's show the world what riders can do as a unit.
