Hey all, are we all partied out yet. I DON'T think so!!!! We've only just begun. Hopefully mother natures done pissing on us during the events, maybe we should have the runs during the week when it's nice out. But what the hell, we're creative, adventurous and down right crazy once in awhile, but that's what makes us bikers right?

So what am I gonna bitch about this month? Well how about politics! Nah, don't have that much room in this issue. I know, how about brotherhood and business (My business in particular.)

As you all know we try to put out an enjoyable rag for all of you. We try to put all the events in one spot so you can make your plans. Try to give ya heads up to what is going on in the riding community. The one thing that makes all this possible are the advertisers. I consider the brothers and businesses in this paper to be biker friendly and know what brotherhood means, as I said a few editorials back. What does this have to do with anything you may ask? Well the one thing I pride myself on is the trust I have in my advertisers, to provide the riding community with fair treatment. But the thing I do not and will not tolerate is a business that does not stand up to its verbal agreement with me, for ads they wanted to run. Now call me a bad businessman for not having contracts and all that shit. When trust is gone what else do you have. Now I will admit that of all the advertisers we have, 99% + are true to there words and provide outstanding service to the brothers and sisters out there. Which brings me to my dilemma. What to do about the less than 1% that decide they don't want to hold up their end of the deal. It has been suggested to me that I do everything from send out the goon squad to printing up a bad check section. Hmmm, that's an interesting concept. I feel that you all would like to know who these business's are. I understand that shit happens. Oversights on billing, slow times etc.

For now you know who you are. Do me a favor and give me a call, because I'm sick of chasing your deadbeat asses down. How's that for venting? And just to be fair to the great advertisers we do have, none of the people in question are advertising with us any more.

Lorie and I will be for sure at the VNVMC Summer Twister (guaranteed drunk) and also the FTW Summer Pig Roast and Poker Run. STOP and say HI!!!! With approximately 2 other events every other weekend. Other than that I hope to meet more of you this month on the road.

Ride Safe, Preacher

### Mission Statement:

This paper was started out of the love and respect for being in the wind, and the brothers and sisters that are in the wind also. I have been riding all my life and have learned what brotherhood means. The Free Riders Press is a paper dedicated to the biker who knows this respect. Not barring any rider for what he wears or rides. We try to cover stories that make the public sit back and have a positive outlook on bikers. We will try to cover events that are for the biker and put on by the biker. This paper will be used to better the riding community through education, updates and personal views that are of positive thinking for the riding community in general. We will try to fight the ongoing discrimination that seems to be thrown onto us without our view being told. Free Riders Press is for all to enjoy, so by working together someday we can be free in the wind, without the worry of any of the aforementioned items.

### "Bingo's Downed Biker Fund"

If you have a Brother or Sister down and would like to get them the Free Riders Press, NO PROBLEM, be glad to do it but it is not cheap. But a lot of people help out by donating some coin. We here will do what we can, but with everybody giving what they can, we will make it go along way. We all know somebody that's down, and anything would be greatly appreciated.

### Hello Preacher,

Just got the latest issue of Free Riders Press and I'm writing to tell you a couple of things. First off, it was full of good stuff, as usual. Second, thanks for your words in your editors article. You inspired me to do one like it. I like the article from Bonnie as well. Good idea; the female side of the street. We liked the way our ad looked last month too. To all of your staff...good work!

Kathy Sullivan

**Kathy,**

**Thank you for compliment. We are getting quite a few letters about the "Sisters point of view section." Take Care , I will talk to you soon.**

### An interesting veiwpoint!

I have seen all the pictures of the the "abuses" and watched the Video of the Be-heading of an American civillian. And I have come up with an Idea that may not only make Iraq a lot quieter, But will also give out the proper punishment for Saddam, and the criminals that beheaded that man and osama bin ladin when they are caught . And this will also reduce the national deficit too. Do not sentence these men to death. Yep you heard me right, Don't kill them. Instead send them on an all expenses paid tour of the United States, Great Britan, and Canada. Why do you ask? What would that do? Well I'll tell you. First you place an old fashioned hitching post like the cowboys used to tie horses to, outside every Gay bar and Bath House in the countries mentioned previously. Take these animals and strip them naked, bend them over the hitching post, and cement their hands and feet into a 5 gallon bucket. Next you go Into the Gay bar and yell "come and get it" and charge them 5 bucks a Pop to wear them out. Leave them out there for a week at a time, then move to another bar and the same scenerio. meanwhile run huge monitors on top of buildings in iraq, afghanistan, and syria with live streaming video 24/7 of these mens fate. I think it would make the terrorists think twice about killing innocents. The Final leg of the "tour" would be all the cellblocks of all the prisons in the civilized world for the same "punishment". Sorry just had to vent
