A married couple, both avid golfers, was discussing the future

one night.

"Honey", the wife said, "if I were to die and you were to remarry, would you two live in this house?"

"I suppose so - it's paid for."

"How about our car? Continued the woman. "Would the two of you keep that?"

"I suppose so - it's paid for."

"What about my golf clubs? Would you let her use them too?"

"Heck, no," the husband blurted out. "She is left-handed."

The strong young man at the construction site was bragging that he could outdo anyone in a feat of strength. He made a special case of making fun of one of the older workmen. After several minutes, the older worker had had enough. "Why don't you put your money where your mouth is," he said. "I will bet a week's wages that I can haul something in a wheelbarrow over to that outbuilding that you won't be able to wheel back." "You're on, old man," the braggart replied. "Let's see what you got." The old man reached out and grabbed the wheelbarrow by the handles. Then, nodding to the young man, he said, "All right. Get in."

Where bikers are family

A man went skydiving for the first time. After listening to the instructor for what seemed like days, he was ready to go. Excited, he jumped out of the airplane. About five seconds later, he pulled the ripcord. Nothing happened. He tried again. Still nothing. He started to panic, but remembered his back-up chute. He pulled that cord. Nothing happened. He frantically began yanking both cords to no avail.

Suddenly he looked down, and he couldn't believe his eyes. Another man was in the air with him, but this guy was going up! Just as the other guy passed by, the skydiver yelled, "Hey, do you know anything about skydiving?"

The other guy yelled back, "No! Do you know anything about gas stoves?"

A guy sits down at the bar and orders drink after drink rapidly.

"Is everything okay, pal?", the bartender asks.

"My wife and I got into a fight and she said she isn't talking to me for a month!"

Trying to put a positive spin on things, the bartender says, "Well, maybe that's kind of a good thing. You know, a little peace and quiet?"

"Yeah. But today is the last day"

In the middle of a forest, there was a hunter who was suddenly confronted by a huge, mean bear. In his fear, all attempts to shoot the bear were unsuccessful. Finally, he turned and ran as fast as he could.

The hunter ran and ran and ran, until he ended up at the edge of a very steep cliff. His hopes were dim. Seeing no way out of his predicament, and with the bear closing in rather quickly, the hunter got down on his knees, opened his arms, and exclaimed, "Dear God! Please give this bear some religion!"

The skies darkened and there was lightning in the air. Just a few feet short of the hunter, the bear came to an abrupt stop, and glanced around, somewhat confused.

Suddenly, the bear looked up into the sky and said, "Thank you, God, for the food I'm about to receive..."

A lady walking down the street one day saw a man walking towards her. The man was talking to himself, waving his arms around his head and jumping up and down three times. He repeated this several times. The lady asked the man what he was doing? The man replied I am keeping the pink elephants away. The lady replied, "Why? There are no pink elephants around here."

The man replied, "I know, works great doesn't it?"
