Try this in Mexico

Try driving around as a Gringo in Mexico with no liability insurance, and have an accident.

2. Enter MEXICO illegally - never mind immigration quotas, visas, international law, or any of that nonsense.
3. Once there, demand that the local government provide free medical care for you and your entire family.
4. Demand bilingual nurses and doctors.
5. Demand free bilingual local government forms, bulletins, etc.
6. Speak only English at home and in public and insist that your children do likewise.
7. Demand classes on American culture in the Mexican school system.
8. Demand a local Mexican drivers license. This will afford other legal rights and will go far to legitimize your unauthorized, illegal, presence in Mexico.
9. Insist that local Mexican law enforcement teach English to all its officers. Good luck!

It will not happen in Mexico or any other country in the world except right here in the United States...

Land of those who want to take care of everyone but American Citizens! If you agree, pass it on

If you don't, Please....go ahead and try all the above in Mexico (and enjoy the prison there too...).
