

The Independent Shop Association's newest Independent Shop!

186 FLICKZ Grafix

101 Industrial Circle Stoughton, WI. 53589

FLICKZ specializes in custom painting and accessory installation for all makes and models of motorcycles.

Dave "Flick" and Jill Fluckiger started their business over 2 years ago and have been in their current location since January of 2007. Flick has an extensive background in art, and has been in the automotive paint industry for over 15 years. A high attention to detail and quality products offers customers a spectacular finish on their bike that will last for years down the road.

The goal Flick and Jill set out to accomplish when opening their shop was to offer show quality paint jobs at an affordable price so that everyone who owns a motorcycle can customize it and "make it their own". Being a small independent shop allows FLICKZ Grafix to offer amazing customer service and the opportunity to get to know each customer personally.

For further information or to contact FLICKZ Grafix you can visit www.flickzgrafix.com or give them a call at 608-205-9370. The shop is open Monday-Friday 10am-6pm and Saturdays 9am-Noon.

A willingness to work closely with them and get to understand the personal desires of each customer assists FLICKZ in turning out paint jobs that really define each owner's personality and sets their bike apart from the masses. For those who are looking to have bodywork and repairs done to their motorcycles, FLICKZ can match stock paint and graphics to get bikes looking like new. FLICKZ Grafix is an authorized Biker's Choice parts and accessory dealer and can help you find the parts you are looking for that will make the small details on your bike just your style. Vinyl graphics are another offering at FLICKZ. From custom designed graphics for your motorcycle, ATV, snowmobile, go-kart or boat - to logo design, vehicle graphics and lettering, or signs for your business - FLICKZ knows how to set you apart from the rest!

BIKER TIPS: Attorney Joe Weigel of Weigel, Carlson, Blau & Clemens, S.C. of Milwaukee has been a biker for over 40 years. Here is one of his tips. Use it if it helps.

Keep the shiny side up. Keep the upside shiny. Remember to keep your bike clean and polished. Not only will it look better; but it will last longer and probably perform better. Personally, I'm the worst example of this. Every time I look at my bike in the living room; I can either ride it or polish it. One hundred percent of the time I ride it. I wish someone would set up a bike wash/polish in the parking lot of my local watering hole. Aside from bikini bike wash and rainy days; my bike does not shine.

As the old saying goes: Do as I say; not as I do!
