One evening a Husband, thinking he was being funny, said to his wife, 'Perhaps we should start washing your clothes in 'Slim Fast'. Maybe it would take a few inches off of your butt!'

His wife was not amused, and decided that she simply couldn't let such a comment go unrewarded. The next morning the husband took a pair of underwear out of his drawer. 'What the Hell is this?' he said to himself as a little 'dust' cloud appeared when he shook them out. 'April', he hollered into the bathroom, 'Why did you put Talcum Powder in my underwear?'

She replied with a snicker. 'It's not talcum powder; it's 'Miracle Grow'!!!!!! !

If Wile E. Coyote had enough money to buy all that ACME crap, why didn't he just buy dinner?

If the professor on Gilligan's Island can make a radio out of a coconut, why can't he fix a hole in a boat?

The inventor of the Harley-Davidson motorcycle, Arthur Davidson, died and went to heaven.

At the gates, St. Peter told Arthur. 'Since you've been such a good man and your motorcycles have changed the world, your reward is, you can hang out with anyone you want to in heaven.'

Arthur thought about it for a minute and then said, 'I want to hang out with God.'

St. Peter took Arthur to the Throne Room, and introduced him to God.

God recognized Arthur and commented, 'Okay, so you were the one who invented the Harley-Davidson motorcycle?'

Arthur said, 'Yeah, that's me...'

God commented: 'Well, what's the big deal in inventing something that's pretty unstable, makes noise and pollution and can't run without a road?'

Arthur was a bit embarrassed, but finally spoke, 'Excuse me, but aren't you the inventor of woman?'

God said, 'Ah, yes.'

'Well,' said Arthur, 'professional to professional, you have some major design flaws in your invention !

1. There's too much inconsistency in the front-end suspension
2. It chatters constantly at high speeds
3. Most rear ends are too soft and wobble about too much
4. The intake is placed way too close to the exhaust
5. The maintenance costs are outrageous!!!!

'Hmmmmm, you may have some good points there,' replied God, 'hold on.'

God went to his Celestial supercomputer, typed in a few words and waited for the results.

The computer printed out a slip of paper and God read it.

'Well, it may be true that my invention is flawed,' God said to Arthur, 'but according to these numbers, more men are riding my invention than yours.'

A Missouri Sheriff stops at a ranch in rural MO and talks with an old farmer. He tells the farmer, 'I need to inspect your ranch for illegal grown drugs.'

The old farmer says, 'Okay, but don't go in that field over there.'

The Sheriff verbally explodes saying, 'Mister, I have the authority of the Sheriff's Department with me.' Reaching into his rear pant pocket and removing his badge. The officer proudly displays it to the farmer.

'See this badge? This badge means I am allowed to go wherever I wish on any land. No questions asked or answers given. Have I made myself clear? Do you understand?'

The old farmer nods politely and goes about his chores. Later, the old farmer hears loud screams and spies the Sheriff running for his life and close behind is the farmer's bull. With every step the bull is gaining ground on the officer. The Sheriff is clearly terrified.

The old farmer immediately throws down his tools, runs to the fence and yells at the top of his lungs.....

'Your badge! Show him your badge..... Smart-ass!

Little RALPHY was sitting on a park bench munching on one candy bar after another.

After the 6th one a man on the bench across from him said, 'Son, you know eating all that candy isn't good for you. It will give you acne, rot your teeth, and make you fat.'

Little RALPHY replied, 'My grandfather lived to be 107 years old.'

The man asked, 'Did your grandfather eat 6 candy bars at a time?'

Little RALPHY answered, 'No, he minded his own f..... business.
