

## A Message From One Who Knows!

By: Skypilot Freelance Writer

Hello Brothers and Sisters of the wind. This story is from a close friend and Brother who knows what it's like to escape communism to come to the land of the free in his words.

I was born in a communist country. At a very young age my family, me included left our home in the darkness of night, and with hundreds of other families we walked from Budapest all the way to Austria. That's about 135 miles. We walked during the night and during the day we slept in farmhouses or in forests so we would not be seen by the enemy.

You see, my mother was a Freedom Fighter during the 1956 Hungarian Revolution. The reason we left was to escape from the Russians and Communism. My mother knew that Communism was not a good thing and she wanted no part of it and she didn't want her family to have to live under communist rule.

Fast forward 56 years and here I am today. I am a proud American. A Vietnam Veteran, a college graduate, a father, a patriot and a law abiding citizen who loves his country. Yes, my country is America. I might have been born in a different country and I might have Hungarian blood in me but I am an American 100%.

The reason I am telling you this is because this is an election year and I assure you that this is the most important election America has had in the last 100 years, if not the most important American election ever.

You see everything that my mother stands for and the reason that we escaped from Hungary in 1956 is exactly what Obama and the Democratic Party wants to put into effect in America. And NO, I'm not a racist and this has nothing to do with the color of Obama's skin, in fact far from it. What it has to do with is his warped philosophy and what plans he has for the future of America. I for one do not want to live in a communist country, and believe me...YOU DON'T EITHER, I KNOW!!!

You see, when we escaped from the communists in 1956, we had America to go to, but if America also becomes socialist, or should I say a communist country, people will have nowhere else to escape to.

America is the beacon of light that gives out a ray of hope to many in the world who look up to us and strive to be like us. Oh, and by the way, we are not perfect, in fact far from it, but there is nothing out there that is better. America is still the land of opportunity.

With the current administration government has grown tremendously and it is trying to intervene in everything that we do. Big government is not the answer to America's problem and socialist policies is against what America stands for. It is not what the founding fathers had in mind and it is not in the best interest of our country.

In America we still have Freedom and opportunity that does not exist anywhere else in the world and we need to keep it that way for future generations. Yes, some people have more money than others and life is not perfect, but those that have a lot had the opportunity to earn it and so they deserve it. I'm not a millionaire but that doesn't mean that other millionaires should have their money taken away from them because they have more than me.

It's just the opposite. Those millionaires motivate me and allow me to think and know that if they could do it, so can I. They set an example that motivates me to strive and be better.

You see, in America YOU can be anyone you want to be, even president if you want it bad enough. It all depends on you, your drive and motivation.

That concept of "becoming anyone that you want to be" DOES NOT EXIST IN COMMUNIST COUNTRIES!!! That is a fact.

I have said enough and I believe that you get my message. Now, I ask you to vote in November and make your vote count and DO NOT VOTE FOR OBAMA; in fact to go one step further...do not vote for any incumbent. VOTE THE CROOKS OUT and let's get government back on track and have them represent the people and not their special interests.

Over the years I have come to realize that all politicians are dishonest and unreliable. Yes, there are a few that mean well and do what they say that they are going to do, but there are not enough of them.

Me, I'm going to Vote for Romney. Why? Because there is no other choice. OBAMA is destroying America and has an agenda that is not in the best interest of the majority of Americans. Will Romney be able to fix everything? I don't think so, but I believe that he will cause a lot less damage than Obama ever will.

In the coming months I will be sharing with you a number of videos with the hope that you will pass it on to your friends and have them pass it on to their friends and so on.

If each of you will pass this information on, than at election time we can make a difference.

In America we still have Freedom of Speech and we must make sure that Freedom will still exist for our children and grandchildren.

God Bless America!

This story isn't about race, color, or anything like that. It's about taking or trying to get our country back before it turns into a third world nation, believe me my friend know,s he has lived it. So it is time TO WAKE UP AMERICA! We are the only ones who are going to be able to make the change in November to get rid of the people who want to bring us down!

Until next time may the Great Spirit Guide you in the right direction, both in your ride and your mind come November! Ride To Live ~ Live To Ride, be safe when your in the wind. " KEEP ON TRIKEN' " ! Peace and thank you for reading our paper and Thank God right now we still live in a Nation where I can tell this story.

## This is a really cool way to help our veterans

Badger Honor Flight (BHF) is one of 5 Honor Flight hubs in Wisconsin that are dedicated to sending our veterans to Washington to see the monuments that were built in their honor. BHF was founded in 2009 and we had our first flight in April 2010. Since then we have had 5 more and we have flown over 600 veterans to see the memorials. Our current focus is on the WW1 and Korean veterans. Next on our list is our Vietnam veterans. For more info on BHF and our upcoming events, visit our web-site at [badgerhonorflight.org](http://badgerhonorflight.org) and also print out and send us your application to go on a once in a lifetime trip.

BHF receives no federal, state, local or corporate funding and it runs approx \$100,000 per flight or \$1000 per veteran to send them to the memorials. All of our funds come from our grassroots fund raising events and from donations sent to us.

Madison International Speedway which is located between Madison and Oregon WI is holding an event on Friday, June 29th and we need to get the word out to all our veterans. The event is titled -Salute to America Fireworks Extravaganza honoring all our Active, Inactive, Retired Military, Veterans and their families. Badger Honor Flight is for their dedication and service to our country.

We are asking various veteran organizations to attend and to provide info to the veterans about them. Some of the groups we have asked to attend and provide info available are the American Legion, VFW, DA, Wounded Warrior Project and Camo Quilt Project to name a few. If you know of a group that would like to be represented please have them contact Jason Tyler, Business Manager for Madison International Speedway at 608-513-9709 or email him at [jason Tyler@mis-racing.com](mailto:jason Tyler@mis-racing.com) with any questions you may have. You may also contact Robert McGuigan from Badger Honor Flight at [robertmac1969@gmail.com](mailto:robertmac1969@gmail.com) or call me at 608-234-7583.

The American Legion Riders will be represented and will be driving around the infield with their bikes and flags. It would be the cat's meow to have a couple of hundred or more Veterans following behind them onto the infield with their bikes and flags waving in the wind. The crowd and especially the kids will love it. There will also be activities for the kids as well. It's a family affair.

To help support Badger Honor Flight, Madison International Speedway is going to have the drivers go through the stands and pass their helmets for donations. This could be the biggest fund raising event we have had to date and with your help it will be.

More than anything else this is to Honor our men and women who fought for and our fighting for our Flag and our Freedom. Let this be a day they won't forget. This is all about them. Let Freedom Ring.

FREE Admission to All Veterans, Active Military & Immediate Family
