Thunder In The Park

I have said it in the past, say it today and will more than likely say it in the future, Thunder in the Park at Oshkosh's South Park is one of the best if not the best family motorcycle event. Without comparison, this weekend event has raised money for the Children's Hospital of Wisconsin totaling in the tens of thousands over the past 7 years.

Like any outdoors event, if the weather is nice the motorcycle community as well as the locals converge on the park to check out the vendors, bike show, grab some good eats and listen to some great tunes .

This past year we lost a very special young lady Emily Phillips right before Christmas and are doing the 2013 show in her memory. I met her a couple times and she was a very upbeat, friendly girl that was full of energy. The smile was worth the ride over alone, knowing you're supporting other young people like herself.

Held this year with the show starting Saturday June 1st and the big finale happening June 2nd, it will for sure be a great time. Rain or shine I will be there to support the event. [www.gray-beardproductions.org](http://www.gray-beardproductions.org) has more information for you to check out.

In Memory of Emily Phillips
