

Road Runners MC Annual Bike Blessing again was a success this year. Some years are nice and sunny, others are gloomy but this is a good way to spend a Sunday and kick off your riding season officially. This year brought out the racing sausages from the Brewers that seemed to really stick out among the black leather, but seemed to be a hit with the bikers. The beer was flowing, the music was cookin' and everyone seemed to make the day enjoyable. Even the vendors with some really muddy spots were saying, "it goes with the territory."

I didn't get to stay long but the weather seemed to be better as I left and I was still seeing groups of riders heading to the blessing as I hit the free way home. Good job to the brothers of the R.R.M.C for another fine event..
