

**Chopperfest**

**August 12-14th, 2005**

Bryan "Chopper" Chapek was the main reason behind this event to raise money for kids in America. After sitting and watching tv he realized that noone raised any money for kids here at home. All the commercials were for kids in 3rd world countries. So he got hold of the Lions camp of Rosholt, WI and put together the first Chopperfest. The nice thing about the Lions Camp is that 90% of the people that work there are volunteers, leaving more money going to the kids and not for administration costs.

For 11 years it was held in Racine and the last 4 years in Ladysmith area. I will say that this is a highly family oriented event with a ton of kids from the area in attendance. From bike games to a weekend full of music/bands that donated their time like Blind Ambition all the way from Racine. I will be hitting this event again in the future.
