## Are you ready to ride?

We've all read the articles about getting your bike ready for the upcoming riding season. Check tires, fluids, battery, lights and turn indicators, etc., but what about you? Sure, it's a good idea to brush up on some riding skills or take a refresher course if available, but I'm talking about another form of protection; Insurance.

Take a moment to review your insurance policy on your bike. Don't rely on an agent saying you have full coverage because that doesn't really mean you're fully protected. Insurance in Wisconsin is mandatory but the minimum limits of protection are woefully inadequate to compensate you if you're seriously injured. Buy as much insurance as you can afford, including underinsured (UIM). Make sure your accessories are covered too. Subscribe to [www.road-guardians.com](http://www.road-guardians.com) for detailed articles on insurance and many more topics of interest regarding our way of life. If your group or club wants someone from Hupy and Abraham, S.C. to speak about insurance needs or other legal matters, contact Pan at 1-800-800-5678
