**From the Editor:**

Hey all, hope your enjoying the riding time your getting in on them nice days. I got my scooter up and running this last month. If the weather that day of my first ride was any indication of what I'm going to encounter this year, I better go buy a rain suit pronto.

It has been said that it is a small world out there. Well I know this to be true. My kids were out riding there bicycles when my daughter got her pants leg caught in the chain. Well a biker stopped and gave them a hand, low and behold it was one of the Free Riders Press readers. So a big Ye-Ha to you Gary, thanks for the assistance brother.

As you can see by the calendar this month, there is a ton of events to check out. Call up a few friends and try to catch some of them. These functions are put on for your enjoyment and fun. Just do me a favor (I can't stress this enough) don't drink and ride. Here's a goal for us all, to go a whole summer without saying hi to a brother or sister in the hospital or worse due to drinking.

Lastly, this has been a very busy month for us with all the events we're attending. And to add to all them, we will be headed to Georgia for a wedding and mini vacation a few days before the paper is back from the printer. Because of this, they will be delivered a few days late. I do apologize for any inconvenience this causes anyone.

Ride safe and we'll see you all in the wind.  
 Preacher

**"Bingo's Downed Biker Fund"**

If you have a Brother or Sister down and would like to get them the Free Riders Press, NO PROBLEM, be glad to do it but it is not cheap. But a lot of people help out by donating some coin. We here will do what we can, but with everybody giving what they can, we will make it go along way. We all know somebody that's down, and anything would be greatly appreciated.

**Free Riders Press writers wanted!!!!!!**

We here at Free Riders Press are looking for a few more good writers. From amateur to professional, doesn't matter. Articles of interest to this paper are anything interesting to the riding community. Events, personal stories, poems and fiction. The only restriction I have is that the articles or stories do not slam anyone or group personally, and that they are kept to a minimal on obscenity and sexual overtones. We try to run a family oriented rag that is read by all ages.

If you have something of interest, send it in and we'll take a look at it. What have you got to lose! This paper is a monthly thing so we need your submission by the 15th of the month for next issue.

My goal is to get this paper reader contributed, because this is **your** paper! If I could print all the stories I hear while having a cold one at the bar, well you know what I am saying. We look forward to hearing from you all.

Ride Free, Preacher

**Attention:**

It has been brought to my attention that an event that was put in this paper caused some bikers grief. The event is not important but it has changed the way we here at Free Riders Press will do things. In the future, if an event, be it big or small, places on its flyers or promo's no patches /and or colors are permitted, then it will not be run in the calendar of events or advertised here. After talking to the event promoter in question, I learned that he was worried about gangs in particular and not bikers in general. To me that's a legitimate argument. But on the same token, having no colors/patches on a flyer is not a biker friendly event. So in conclusion, if you have an event that's advertised in this manner, it will not be seen in the Free Riders Press.
