2nd Annual Bulls and Bulls

August 27, 2005

Bulls and bikers, what do they have in common? Helping the Children's Miracle Network, what they have in common. August twenty seventh, marked the second annual Bulls and Bikers Ride for CMN. The people from the Bullriding Challenge and Neinfedt Cycle started this ride in 2004. The ride is a cross between an observation run and a poker run. You can sign in any time between 11:00am - 1:00pm. You ride at your own pace with whatever size group you want.

This year we had a beautiful day, with many enthusiastic riders. Jerry Butler from 97.9 WSPT joined in to the ride and had live remotes from several stops along the route. Many return bikers showed up to try their hand at the observation counts and check out their lick at poker. They give more to the charities and the community than they get credit for.

Keep on giving, and thanks to everyone who participated. Hopefully we'll see you next year, and don't be afraid to bring along a few extra friends! This years Bulls and Bikes will be June 17th. We'll see you then.

A Few Odds and Ends

You might be a biker if ... Your best friends are named after animals.

Your best shoes have steel toes.

Every left shoe has a black spot on it from the shift lever.

You have motorcycle parts in the dishwasher.

Your idea of jewelry is chains and barbed wire.

You can tell what kind of bugs they are by the taste.

You're only sunburned on the back of your neck and your hands.

You carry a crushed beer can in case you have to park your bike on hot asphalt.

You pull your bike into the motel room and use a bath towel to wipe it off.

You don't know how to do the laundry, but you have four different kinds of cleaners for your bike.

You wave at bikers even when you're in your car.

Your three-piece suit consists of chaps, vest, and leather jacket.

Your other suit is a rain suit.

You know where Sturgis is.

You take your kids for a ride on the bike before they can walk.

You have your own coffee cup at the bike shop.

You have a picture of your bike in your wallet.
