## 22nd Annual Chicago Supercycle Show & Parts Expo at McCormick Place North.

What can I say. Another year, another great event in the past. Going to events like the Supercycle Show is an excellent way to kick start yourself for an upcoming riding season. What more do you need than a swap meet, bike show, friends, leathers, family time just to start the list of reasons to come out and play. I really do enjoy watching people at these major shows, and the expressions when they see some wild bike, a high buck custom paint job, when they're waiting to get through the isles. It's priceless.

As far as the bike show, here's a quote from Ray Kittel of Ray's M/C Show World (chief show judge & bike show event coordinator for R&B Promotions Supercycle Show)

"I've been one of the judges of this show since 1994; this being my 13th year now. It was the finest collection of bikes, I believe, we've ever had here in competition. We had 111 entries from nine different states. Wild customs and choppers are definitely back. Fabrication, theme, and attention to detail were all very apparent in the custom bikes. Bike builders are stretching their imaginations and putting in competition custom motorcycles that bend your mind, so to speak, when you look at 'em".

Next year the Supercycle Show will be back to a 1 day show as in the past. Feb 3rd is the day it all happens again. For more info call 262-835-9509 or go to [www.supercycleshow.com](http://www.supercycleshow.com)
