

Welcome to Wrench's Golden Eagle

Born and raised in "Harley Town" (Milwaukee) I got my "itch" riding on my dad's Panhead gas tanks. As I reminisce, I can remember how I would pester Ralph the owner of "West Side Cycle" each time my dad would take me. That pesky "itch" just kept growing through the years and after trying my hand at various types of jobs, I settled into what has turned out to be a lifelong career in the motorcycle field.

I started with an apprenticeship at Milwaukee Harley Davidson in 1978 and becoming "Factory Certified" in 1982. During my employment at five dealerships I had numerous returns to the Service School to keep up on the latest technology built into Harley's. I've also been involved in getting four aftermarket V-Twin shops up and running.

Ready to live a dream of my own, I started my one man shop. I offer complete machining service with all the right specialty tools required to give my customers the quality work they deserve. I have all the latest goodies offered by the major aftermarket distributors and have access to Genuine Harley Davidson parts and accessories through a factory dealership. I stock most maintenance parts to keep you up and running.

Whether you're a do it yourself person or someone that doesn't have the time, space and tools and are looking for quality service, stop in to see me. My shop is in the country and not always easy to find, but if you like to ride, I'm sure you'll enjoy the trip.

Take care...
"Wrench"
