

**Some information on Bingo's Downed Biker Fund:**

People have asked me why I do what I do? I get donations to send the Free Riders Press paper to bikers in prison - and I write to every one of them. That means 25 to 35 letters a week! Well, for you people that think they don't deserve the paper - that they got what they deserve being in prison - Just stop and think! The paper makes them see some of what they are missing out on! That should make them want to stay out - once they get out again! Then too - I try to convince them that with all the scientific technology the law has today - and that there just isn't anything illegal that is worth the risk anymore! On top of that - there are more snitches out here today than there ever was before!

I'm not a religious man! I only try to preach brotherhood! I like to help people - but I can't feed the starving children - or cure cancer - so I just try to help bikers that are in prison!

Has anybody NOT stolen SOMETHING - and got away with it? Well, these biker just happened to get caught! Have none of you not been forgiven for some wrongs that you have done? Haven't you 'paid' for SOME of the mistakes you've made? - I know I have! - I think we ALL have!

I get letters from guys in prison almost every day wanting the paper - then I check them out on the computer to find out what they are in prison for.( I do not send the papers to child molesters!) If I catch a guy in a lie - he don't get the paper anymore! If he don't write to me at least every 2 months - I stop the paper going to him! I have to know that he's still at the same place and that he still wants the paper! Then - I answer each of those letters!

Now all of you know that the postage rates are going up AGAIN - so the cost of sending the papers every month will have to go up also - so any donation you can send me will be appreciated - by me - and the 56 bikers in prison that get the paper - through your donations! Thanks to those of you that donate!

Bingo,  
Hey I just had one of the best days since being down for the last 4 years, and I owe it to you and your fellow co-workers How you may ask? Well I've been in this shit hole of a prison and I have forever. I started to get caught up in my time "Forgot what being free was all about" Then a good bro came up to me in the library and swatted me with your paper and told me read and don't ever give up, nor forget how the Life of the wind in your face and the sweet sound between your legs. So I stopped, took a moment to read and I noticed I was smiling once again, and this smile wasn't FAKE So as I said I thank you and al the brothers and sisters out there who haven't forgot the downed.. Here's something I found funny. They had this story on tv about living till your 150, and I thought to myself right away dam, I have till 2088 and I'm only 44. Dam I might just get that ride with that sweet sound and cool breeze, Ha Ha. Well you all out there take care, Live Long and Ride Free.
