

Looking to help out with something cool? This might be right up your alley.

WORLD'S COOLEST INDIAN

That tall guy with the headset is USFRA (www.saltflats.com) vice president and starter Monte Widdison.

The #7135 bike is the Indian Scout Twin with 4 flathead engines that holds the record of 127.911 mph in Bonneville's A-VF 1350 cc class.

Yesterday morning we had our first 2013 meeting of the Fox Valley Technical College (www.fvtc.edu) Bonneville Racing Team and talked about getting the red 1986 Firebird ready to roll down the Salt at 200 mph. Last year the car went

193 mph before the tranny broke and probably took the motor with it.

With this being a low-budget school-tolerated effort we are looking for help with engine and tranny parts and know-how. Anyone who kicks in to help us hit 200 mph will get their logo on the car and will bask in the publicity the effort is generating. That's no joke. We have already done about 20 articles on Bonneville and about our combination old salt/student race team. The U.S. Air Force Academy (www.usafa.af.mil) is already on board to help with aerodynamics.

Going through my photos from last year made me think about how impressed I was seeing all the motorcycles running at Bonneville. Now that Scott Severson is renting space at Gunner's Great Garage with his Quality Cycles, LLC business, maybe Scott will catch Salt Fever and take one of his Harleys to Utah.

If you are looking for a previously broken-in Harley that's in top condition to ride this spring you'll want to visit Scott's website www.qualitycyclewi.com. I hear he has more than 30 nice Harley cruiser bikes in inventory just waiting for the snow to melt. "Gunner"

FROM THE DESK OF JOE WEIGEL:

Did not get to Daytona for bike week this Spring. Maybe I can make the October bike week. If you need biker maps for the Sturgis area, pick them up free at our booths at one of the SWAP meets; or call Sue at 1-800-486-0106 and we will mail one to you. Bit of luck: both softails started right up late March after sitting all winter.
