

Wisconsin Biker Rally and Music Festival at the Log Cabin bar in Rush Lake, WI is one of those events that has been growing every year, Weather is always an issue with events, but the Log Cabin has full tents to keep all the guests dry and having fun.

The event has a bike show, vendors, food, outside bar, music all day for 3 days, camping and a car show on Sunday.

This event is highly suggested by me as a family event with plenty of parking for those that can't ride in.

This year the event is June 4th-7th. Check out their face book page for much more info at www.facebook.com/WiscoBikersResourceGuide
