A man sitting next to a beautiful blonde on a plane looked over to see her seemingly in shock from the headline in the newspaper she was holding, which read "12 Brazilian Soldiers Killed in Riots." She turned toward him and with trembling voice asked "How many is a brazilian?"

A small Alabama Wild Animal Park acquired a very rare species of gorilla. Within a few weeks, the gorilla, who was a female, became very difficult to handle. Upon examination, the park veterinarian determined the problem. The gorilla was in heat. To make matters worse, there was no male gorilla available. Reflecting on their problem, the park administrator thought of Eddie Standen, a redneck part-time intern, who was responsible for cleaning the animal's cages. Eddie, like most rednecks, had little sense, but possessed ample ability to satisfy a female of any species. The park administrator thought they might have a solution. Eddie was approached with a proposition. Would he be willing to mate with the gorilla for \$500.00? Eddie showed some interest, but said he would have to think the matter over carefully. The following day, Eddie announced that he would accept their offer, but only under the following four conditions.

- a. "First," he said, "I don't want to have to kiss her on the lips." The park administrator quickly agreed to this condition.
- b. "Second," Eddie said, "you must never tell anyone about this." The park administrator again readily agreed to this condition.
- c. "Third," Eddie said, "I want all the offspring to be raised Southern Baptist." Once again the administrator agreed.
- d. And last of all Eddie stated "You've got to give me another week to come up with the \$500.00."

A man saw a sign in a clothing store which said "We sell everything!"

The guy walked up to the clerk and asked her for some glass pants.

The woman replied,
"Sorry sir we don't sell those".

The man argued that the sign stated that the store sold everything.

The woman remarked that glass pants did not even exist. The man went to his home, and came back to the store wearing a pair of glass pants. The man said triumphantly, "See, I told you that they existed!"

The woman said, "At first I thought you were crazy.....but now I see you're nuts!"

A woman in her forties went to a plastic surgeon for a face-lift. The surgeon told her about a new procedure called "The Knob", where a small knob is placed on the back of a woman's head and can be turned to tighten up her skin to produce the effect of a brand new face lift. Of course, the woman wanted "The Knob." Over the course of the years, the woman tightened the knob, and the effects were wonderful – she remained young looking and vibrant.

After fifteen years, the woman returned to the surgeon with two problems. "All these years, everything has been working just fine. I've had to turn the knob many times and I've always loved the results, but now I've developed two annoying problems. First, I have these terrible bags under my eyes and the knob won't get rid of them."

The doctor looked at her closely and said, "Those aren't bags, those are your breasts."

She said, "Well, I guess there's no point in asking about the goatee."
