

**Laura the Potter**  
October 2009

I had a great time at Tomahawk Fall Ride! I finally got to meet Kenn Hartman, and spend some time with Preacher and Laurie...It was great to meet a whole bunch of people that have read my column over the years.

And...I made some money too! It was fun to throw pots for the crowd, and the weather couldn't have been better. I sold a lot of glass pendants, and have connections of selling more at shops to come! It was a 5 hour drive for me, but very much worth it. Thank you to all who stopped by to say hi!

I was very impressed with the number of Christian and Sober clubs you have in WI...There are some here in MN, but not as many by far!

Dave and I are back together!!!! I'm really glad I am here – living in a home with my daughter, my studio – with me – and all that goes with me being independent. Dave and I love each other, and I think it took the five months apart to really realize how much we did. Its all good!

I could also tell how many friends and supporters Preacher and Lorie have – how significant

From Left to Right: Lorie, Kenn H and Laura the Potter

Free Riders Press is to all you bikers in WI. Preachers booth was right next to mine. You know, those two do

a lot of hard work getting these papers to you every month. Please let him know you are out there! And...you have Chubby from ABATE of WI...Wow – that man worked his butt off for ABATE and the paper as well...He was one true showman! Dave and I laughed as we were packing up on Saturday night – that man wore the grass down to a dusty path – he was intense!!!! He told me that he puts in at least 20 hours per week – along with working his full time job – in support of ABATE of WI...That man deserves a big Thank You for all you riders out there...MN has a new law now – it has been in affect for a few years...we can go thru a red light if we stop, and wait "a reasonable amount of time" before we go thru. That was a big issue that Chubby was talking to folks about. It is horrible when you have to wait until a car comes up behind you for the signal light to change...I hope that is passed in your state...

Take Care, Laura the Potter
