## Run to the Hills '05

The "Run to the Hills" Motorcycle Rally held at Park X in Hill City, MN, has got to be one of the most interesting places to have a bike event. This park is an almost perfect music area, with hill climb quality hills on 3 sides for a great acoustic sound. Part of the 1100 acres of motor sports fun is transformed into a bikers playground for the weekend. The ride up to Hill City from Wisconsin is filled with long stretches of wilderness, which makes for a very peaceful ride. Running along Hwy 2 is to say the least "soothing to the soul", with it's winding roads and quick glimpses of Lake Superior every now and then. Once I got to Hill City, well let me just say "Let the fun begin." But who else to tell you about this party than the people that brought it to you.

"What a great 2nd year of the Run to the Hills rally that was held on June 17th-19th in Hill City, MN. We more than tripled the attendance from the 1st year and had a blast. Some of us are still recovering. The weather turned out great and many were able to go out and enjoy riding around the Hill City/Grand Rapids area. Those riders who decided to stick around were able to enjoy music by Flipper the DJ, games, beer, and conversation all day. Later we held an awesome bike show, all of the contests, and huge bon fires. Not to mention the music by Austin Healy who had everyone on their feet dancing by the light of the fire. Next years rally is planned for the weekend of June 16th -19th. We plan on having more games, bigger prizes, group rides and more beer. Visit the website at [www.runtothehill-srally.com](http://www.runtothehill-srally.com) for more details on next years rally and pictures from this years. Thanks to everyone who showed up and partied with us. We are looking forward to seeing & partying with everyone again next year." The Staff Pete, Kathy, Jackie, Clyde, Meshell, Randy, Mike, Nancy and more.
