Cover Story:

A Picture's worth a Thousand Words:

Every event I go to I look for possible cover bikes, that have a meaning or the owner just put a lot of time into. Here is one of those bikes.

I met Jerry Kaszynski of Sussex, WI while at Wisconsin H-D for the 11th Annual Ride the Ribbon / Save the Titties ride held Sept 24. More on the ride page 13.

At first glance, this bike is just simply another neat paint job, but get a tad closer and you can see the thought and detail that Jerry has in it.

I asked Jerry how the ideas came about, he said, " I have relation or know someone involved with every war and conflict in the history of the U.S. Starting with WWII. This bike is Jerry's way of,"paying tribute to those in the service that protect us."

The bike itself has a 107 C. I motor that is blown and has nitrous to boot. In short if you take to long looking at the beautiful paint job, it'll be gone before you know it, off to the next show.
