

Tomahawk Fall Ride www.tomahawkfallride.com

Yes folks, it's that time of the year again and this year is shaping up to be as good if not better than last. As long as noone does a rain dance and it piss's on the fun, we'll be ok. With this story, instead of telling you what I did last year, I am going to tell you my plans for this year.

As it sits right now, the Free Riders Press will be represented by 4 or more people. There will be someone at the booth at Nokomis Park most of the time. Lorie and Myself will be running to different events being held like the 2007 Bikes and Bands put on by the Pelican Lake Fire Dept and Amy's Little Green Lake in town for her doings. We along with a couple other contributors will be popping in on many of the business's you see on the next 3 pages that are full time biker friendly establishments.(So if your asked to have a picture taken, it may be one of the crew doing the asking.) Many other places have a sign in the front due to the events of the weekend saying "Welcome Bikers", but you never really see any bikes there during the rest of the year. I suppose what I am saying, if it comes down to where to have dinner or get your scoot looked at, give our advertisers a try. I will personally vouch for every one of them.

Like every year, the police will be out big time. Word of warning, there are designated areas for open intoxicants on the street during certain times. According to the Chamber in Tomahawk the hours are Friday 7-11:30 and Saturday 7-10.30. Also make a mental note of posted speed limits. From my recollection the speeds change during the Fall Ride going North out of Downtown to either 45 or 50 between A and

Hwy 8. Other than that have a great time, keep the drinking and riding to a minimum and let's all get home to plan for next years Fall Ride.
