

Tomahawk Fall Ride

This years event is September 17-19th in the beautiful Wisconsin north woods. Why do I not just say Tomahawk, WI? Basically every community in the general area of Tomahawk has something going on that weekend. Can't blame them considering on a nice fall weekend there can be in excess of 40,000 motorcycles running around.

If you want big venues you can go to Sara Park where a lot of the Harley and Hog member doings are happening. Then you also got downtown. Main street is lined with bikes all weekend. This is were I would say the old expression "move your feet, lose your seat" is very true. Once Main street is rolling it's a good time but parking can be a bit scarce. Then you also have Bubba's Big Party held at Nokomis Park on County Rd. L. This venue is open starting the 15th with camping, music (big name acts) and all around things to keep you busy.

Everywhere you go there are vendors selling their wears. From patches and leathers to trinkets and trailers. Used parts to fur clothing and an occasional air-brusher & tattoo artist to have that special artwork made more visible.

On the outskirts there is the Phillips Rumble, Northern Lights Harley in Arbor Vitae and other communities throwing some kind of get together. Not to be left out are the dozens, maybe hundreds of bars that have music, food and fun all weekend as well.

New this year, Free Riders Press will be doing it's own thing at the Tomahawk Speedway. We will have camping, music, a Saturday group ride and just plain R&R all weekend while raising some money for the American Veteran's Housing Foundation.

Come see the Free Riders Press table on Main Street at the Rodeo Bar.

For a ton more info on all events go to www.tomahawkfallride.com.

A Salute To Our Veterans

Labor Day Weekend

Sept 3rd- 5th
