We're at the end of the riding season again in short order and we all wonder were the summer has gone to. Well let me just say that there is still a good couple of month's to rock down the road. September is filled with a ton of events in the first half of the month that include the Milwaukee Rally/110th party. Where are you going to be? I will be for sure at the Road Guardians Compound www.roadguardians.org on Thursday the 29th, Hal's for a time and down by the Summer fest grounds for a time on Friday that I know of. The rest of the time I will be floating around like the social butterfly I am. I am asking a favor of anyone that is going down to shoot me some pictures of where they went to since I can only do so much in the short span of time. I would really appreciate it.

I have done some great things this past month, met some great people (see Kenn Hartmanns story) had a couple good bike nights that the FRP and advertiser bar put on. (See the perks you're losing out on by not advertising with the Free Riders Press). I have really been blessed though with one item that I have mentioned in the past couple issues. And that's a way for me to give thanks and honor our Veterans with a significant way of bringing them to light. Many of you have seen or heard of the Ultimate Sacrifice Truck that salutes our vets! Well it looks like with any luck I will have a late model stock car that I will be turning into a veterans fund-raising tool for those in King, Union Grove, Chippewa Falls, etc. Anywhere we can help out will be considered, and the best part is it will be you the FRP family that will support this. If you know of anyone interested in sponsoring the car for next year give me a shout. More on that in the future.

I have also ran into some issues with certain places that carry the paper that are giving me the feeling I am to small of a paper and un-needed by them and their clientel. Well as an example, I have been ignored by one customer that I supported huge throughout the years, but due to a change in staff they will not return calls or e-mails unless I am lucky enough to catch them at their desk. I guess they just haven't met the charming Preacher in person yet. LOL!

But I figure like the other places that don't want to support me because I'm the "Little Paper", I will have to show them how big of a bite I can have. Enough said there.

Besides all that is happening in my life I have attended a few events that really made me proud to be a biker, and am very proud of the stands and generosity of my brothers and sisters in the wind. You have made some dreams come true, some less fortunate see the possibility of a brighter future and have been all around great roll models for the next generation riders that are growing up so fast. Hopefully they will follow in our footsteps someday.

Meet This Month's Next Generation Rider is Lily who's Pretending to fly on Papa's " Tour Glide " or maybe America's next Top Model..

If you have a picture of your Next Generation Rider, feel free to send it in to me. Who knows it just might kick start a Hollywood career for them. Send those pic's to preacher@freeriderspress.us or by snail mail to PO Box 1126 Wautoma, WI 54982
