

### Memorial Day 2014

Anybody that reads the Free Riders Press knows we support our veterans with all our hearts. Be it their alive or passed we have in the past and will continue to promote them. Lorie and I headed to Veteran's Memorial Ceremony at Union Grove Cemetery in Harshaw (just north of Tomahawk, WI) to attend the Memorial Service this past spring. We met up at the Legion Lounge in Tomahawk and rode with the other bikes to the cemetery where we seen the road on both sides leading into the ceremony packed with cars from the locals. This was great to see. We all dismounted and witnessed the typical rituals of a veterans ceremony like the color guard, the prayer, listens to speeches by the local Veteran officer, Wisconsin Veterans affairs Secretary John Scocos, some family members, Senator Tiffany, Dave Zien VOA club members laying a wreath and others. Along with the cannon fired a couple times, the gun salute, a fly over and a helicopter perimeter circle that I have never seen before.

This ceremony is packed with passionate folks both military and civilian. Afterwards we headed to Cassian Town Hall for a meal and some fellowship with friends and strangers. We headed back out towards home shortly after, but it was well worth the miles road to get there. Remember those that gave all.  
 PS: It was a pleasure to meet the infamous Jim.
